

# Update from Vicki

*A visual update:* I am aware that many of us are overwhelmed by a huge volume of emails and information daily, so this newsletter will be less words and lots of photos.

Since the last newsletter, I have had ministry in Australia, a quick trip to Israel (2 days travel, 6 days there and 2 days getting home). The input has continued with the Worship Team at Riccarton Baptist and will end at the end of August. And the delight for me to have input with the Worship Interns at Harmony as well as the many other things I find myself involved with here in Christchurch. Including the Prophetic Worship Nights once a month are getting more and more exciting and it seems each builds on the other. I am still loving my five hours a week working for PAUA Early Childhood Education as Pastoral Support. And, I am enjoying it all!

## Australia

At the end of April and beginning of May, I had 10 days in Australia on the Central Coast (90 minutes North of Sydney). This is a church I have had input in for over 10 years. The encouragement of hearing of some healings and lives changed is always a boost. I am looking forward to going back doing some training there in November. The three photos here are from the Oz ministry.

## Israel

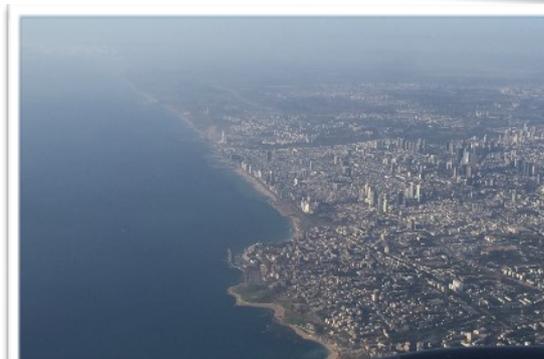

The 6 days in Israel at the beginning of June was short but a lot was achieved in that short time, including checking out things for the big group coming over with us in September.

## Just to clarify

One thing that has come to my attention is, that there are some people who have the misunderstanding that I am employed by my church here in Christchurch (Harmony). In fact in the last 2 weeks I have had 3 people say this to me, including someone from my church! I am supported partially from Harmony, but the "main percentage of support" is from individuals in New Zealand and Germany. I am grateful to all my supporters but, there is room for more as I have lost \$200 a month through losing a German support, which is substantial.

Top photos are different shots of Jerusalem. Right: is Tel Aviv and Below: is the Altar of the Christ Church on the edge of the Old City of Jerusalem. It is a

**Praise:**

- Good Health, other than a bout of Whooping cough, but all good now.
- Feedback of 3 people healed through the ministry in Australia.

**Prayer:**

- Worship Team at Riccarton Baptist and our last training times together.
- Flights and time in Israel. Leaving NZ 5th September and home 3rd October.
- Australia: Brisbane for a Prophetic Conference 1st - 3rd November and back to the Central Coast for ministry after the conference.
- Please pray for an increase of support or... the idea from Raewyn Overton-Stuart attached on my last newsletter. A new version in on this one. I have lost some support over the last 5 months, which was a sum of \$200. Their reason for stopping was understandable but it is a huge drop for me.

beautiful Church with a lot of history.

With love and immense gratitude for each of you,

*Vicki*

P.S. If you are interested in supporting me or buying any of the products then, please contact me.

**A BIG HEARTFELT THANK YOU!**
